## Unit descriptor
This unit describes the performance outcomes, skills and knowledge required to sell products and services in a retail environment. It involves the use of sales techniques and encompasses the key selling skills from approaching the customer to closing the sale. It requires a basic level of product knowledge.

## Prerequisite units
Nil

## Application of the unit
This competency applies to frontline sales personnel. It requires the recognition and demonstration of verbal and non-verbal communication skills to determine customer requirements, sell the benefits of products and services, overcome objections and close sales. Personal evaluation is utilised to maximise sales in accordance with industry codes of practice, relevant legislation and store policy.

## Employability Skills
The required outcomes described in this unit contain applicable facets of Employability Skills. The Employability Skills Summary of the qualification in which this unit is packaged will assist in identifying Employability Skill requirements.

## Evidence Guide
The evidence guide provides advice on assessment and must be read in conjunction with the performance criteria, required skills and knowledge, the range statement and the Assessment Guidelines for this Training Package.
