- * Students continuing Stage 6 Electrotechnology courses in 2013 will remain enrolled in qualifications from UEE07v3. These enrolments may go beyond the ASQA designated 'teach-out' period. These students would be genuinely disadvantaged if they were unable to complete their Electrotechnology qualifications as part of their Higher School Certificate (HSC), or if they were unable to undertake the 2013 HSC Electrotechnology examination and count their results towards their Australian Tertiary Admission Rank (ATAR).
